- The "tobacco and cigarettes" item also increased by 4.0 percent, compared to an increase of 12.6 percent during the first half of 2025. This reflects a slowdown in the rate of price increases for this item, following the significant rise it recorded over the past two years in light of the approval of the amended Special Tax System, which included raising the special tax on cigarettes and tobacco products of all kinds, as of (12/9/2024).

The above items collectively contributed to increase the inflation rate during the first half of 2026 by 1.18 percentage points, compared to 1.13 percentage points during the same period of 2025.

- The price of some items declined, most notably; "meat and poultry" (4.1 percent), and "cereals and products" (0.6 percent) during the first half of 2026, compared to an increase of (4.5 percent), and (1.0 percent), respectively, during the same period of 2025.

In June 2026, the CPI witnessed an increase compared to the previous month (May 2026) by 0.14 percent. This was an outcome of the increase in the prices of some groups and items, mainly; "culture and recreation" group (2.04 percent), rent item (1.68 percent) and "fuels and lighting" item (1.27 percent), on one hand, and a decline in the prices of some items, mainly; "meat and poultry" (3.60 percent) and "fruits and nuts" by (3.54 percent), on the other hand.

◆ Domestic Revenues

Domestic revenues increased by JD 4.3 million, or 0.1 percent, in the first five months of 2026, compared to the same period of 2025, to reach JD 4,071.3 million. This increase was the result of an increase in "tax revenues" by JD 23.0 million, against a decrease in both "other revenues" by JD 18.6 million, and in "pension contributions" by JD 0.2 million.

● Tax Revenues

Tax revenues increased by JD 23.0 million, or 0.8 percent, during the first five months of 2026, compared to the same period of 2025, to reach JD 2,978.1 million (73.1 percent of total domestic revenues). Following are the main developments in tax revenue items:

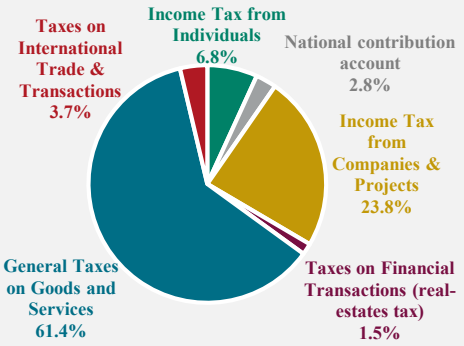

Tax Revenue Structure
(2021-2025), and the first five months of 2026, JD Million

- An increase in general sales tax on goods and services by JD 53.0 million, or 3.0 percent, during the first five months of 2026, to reach JD 1,827.2 million, accounting for 61.4 percent of total tax revenues. This was mainly due to an increase in the proceeds of sales tax on commercial sector by JD 58.5 million, and on domestic goods by JD 35.3 million, and on services by JD 24.0 million, against a decrease on imported goods by JD 64.8 million.

- An increase in the proceeds of taxes on international trade and transactions (including customs duties and fees) by JD 6.2 million, or 5.9 percent, to reach JD 110.5 million.

Relative importance of tax revenue items, for the first five months of 2026

- A decrease in the proceeds of income and profit taxes by JD 35.8 million, or 3.5 percent, to reach JD 997.5 million, accounting for 33.5 percent of total tax revenues. This decrease came mainly as a result of a decrease in the proceeds of the "income taxes from companies and projects" by JD 60.9 million, or 7.9 percent, which accounted for 71.2 percent of total proceeds of income and profits taxes, amounting to JD 709.9 million, against an increase in the proceeds of both "income tax revenues from individuals" by JD17.1 million, or 9.2 percent, to reach JD 203.7 million, and "national contribution account" by JD 7.9 million, or 10.4 percent, to reach JD 83.9 million.

- A decrease in the proceeds of taxes on financial transactions (real-estates tax) by JD 0.3 million, or 0.7 percent, to reach JD 43.0 million.

- **Non-Tax Revenues**

- "Other revenues" decreased by JD 18.6 million, or 1.7 percent, during the first five months of 2026, compared to the same period of 2025, reaching JD 1,091.9 million. This decrease was mainly the result of:

  - A decrease in miscellaneous revenues by JD 72.6 million, to stand at JD 317.9 million.
  - An increase in property income by JD 50.2 million, to stand at JD 388.7 million.
  - An increase in revenues from the sale of goods and services by JD 3.8 million, to reach JD 385.3 million.

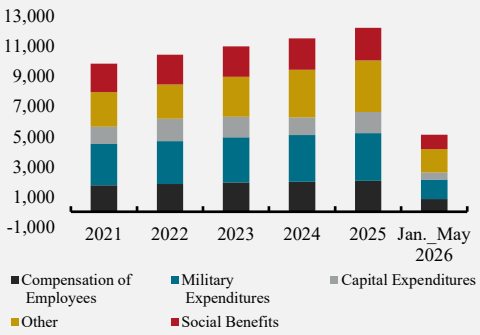

- Pension contributions decreased by JD 0.2 million, or 13.3 percent, during the first five months of 2026, compared to the same period of 2025, to reach JD 1.3 million.

◆ **Foreign Grants**

Foreign grants increased by JD 75.1 million during the first five months of 2026, reaching JD 96.8 million, compared to JD 21.7 million during the same period of 2025.

■ Public Expenditures

Public Expenditures Structure
(2021-2025), and the first five months of 2026, JD Million

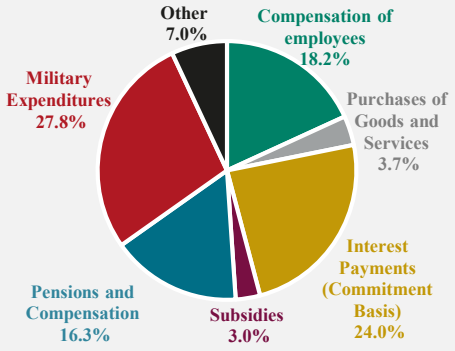

Public expenditures decreased during May 2026, compared to the same month of 2025, by JD 21.9 million, or 2.0 percent, to stand at JD 1,048.7 million. As for the first five months of 2026, public expenditures increased by JD 270.1 million, or 5.5 percent, compared to the same period of 2025, to stand at JD 5,139.0 million. This increase was a result of the increase in both current expenditures by JD 242.0 million, and capital expenditures by JD 28.0 million.

◆ Current Expenditures

Current expenditures increased by JD 242.0 million, or 5.4 percent, during the first five months of 2026, to reach JD 4,687.4 million. These expenditures accounted for 91.2 percent of total public expenditures. Because of the growth in current expenditures higher than domestic revenues, the coverage ratio (measured by the ratio of domestic revenues to current expenditures) decreased by 4.6 percentage points, declining to 86.9 percent compared to 91.5 percent during the same period of 2025. The rise in current expenditures was due to the following:

- An increase in interest payments (commitment basis) by JD 104.7 million, reaching JD 1,127.3 million.
- An increase in military expenditures by JD 38.9 million, reaching JD 1,304.7 million.

Relative importance of current expenditure items, for the first five months of 2026
